

**Industrial Hygiene Mentoring Program
Application to Participate
For the Mentor**

Please complete the following application and attach a recent resume. Be sure to clearly state your goals for participating in the program and realistically assess your knowledge/skill set so you can be matched to the most appropriate mentor. Thank you.

GENERAL

Name:

Current job position, if applicable:

Phone number:

Fax Number:

Email address:

Education: What degree(s) do you have in what field(s)? When was it obtained?

Additional training and education: List any (recent) short courses, certifications, or additional training you have received and when.

BASIC COMPETENCIES

This information is being gathered to help identify skills or competencies you may want to improve, to help match you to the best qualified mentor to improve those skills, and to measure the effectiveness of the mentoring process itself. Not all of these skills can be addressed in one mentoring partnership, but please indicate which ones you want to improve. Please be honest about your skill or experience levels.

Competency	Current skill/experience level				
	No experience	1	2	3	4
Knowledge in basic sciences (chemistry, math, etc)	1	2	3	4	5
Broad IH field practice	1	2	3	4	5
Writing ability	1	2	3	4	5
Organizational skills	1	2	3	4	5
Project management skills	1	2	3	4	5
Supervisory experience	1	2	3	4	5
Leadership qualities	1	2	3	4	5
Networking techniques	1	2	3	4	5

**Industrial Hygiene Mentoring Program
Application to Participate
For the Mentor**

Do you have particular strengths in any of the following IH rubrics? (circle those that apply)

- Air sampling
- Analytical chemistry
- Biohazards
- Biostatistics and epidemiology
- Community exposure (air pollution, emission source testing, etc.)
- Engineering controls
- Ergonomics
- Risk analysis and hazard communication
- Management and ethics
- Noise
- Radiation
- Toxicology

What are your specific goals for participating in the mentoring project?

Do you as a potential mentor have any specific knowledge you want to gain or skills you want to build?

What do you consider your greatest personal strengths or abilities? What do you do best?
(Don't limit yourself to work strengths)

Do you anticipate any challenges or obstacles to meeting these goals? (Time limitations, insufficient background in area, lack of managerial support, limited ability or time to travel to meet with a learning partner, etc.)

**Industrial Hygiene Mentoring Program
Application to Participate
For the Mentor**

What type of individual do you think can help you gain these skills and reach these goals?

How will you know if you have been successful in reaching your goals?

Please attach a resume and add any additional information you feel may be useful. (E)mail to:
